## HIGHLIGHTS OF QUALIFICATIONS

---

- Experienced in nursing practices through in-care placement courses
- Theoretical and experiential experience in aging through coursework and placements
- Thorough knowledge of nursing standards and policies, the medical field, and anatomical terms
- Teamwork skills acquired through volunteer management and assistant positions
- Motivation and organization demonstrated through diverse volunteer experience

## EDUCATION

---

**Bachelor of Science: Nursing**, Trent University, Peterborough ON Sep. 2019 – Apr. 2022

- Relevant Courses: Issues and Trends in Palliative Care, Contemporary Issues in Aging and Health, Critical Perspectives on Aging

## CLINICAL PLACEMENTS

---

**Consolidation**, 300 hours, Palliative Care Unit, PRHC, Peterborough ON Jan. – Apr. 2022

- Maintained a full RN work load in providing primary care to terminally ill patients through treating symptoms, bedsores, rashes, and wounds to increase the patient's quality of life
- Administered prescribed medications, developed care plans, and prioritized tasks
- Provided emotional supports to patients and their loved ones in relation to end-of-life care
- Analyzed care issues and employed critical thinking skills to provide relevant solutions

**Pre-Consolidation**, 300 hours, Intensive Care Unit, PRHC, Peterborough ON Sep. – Dec. 2021

- Learned ICU best practices and aided in implementing quality improvement measures for care
- Aided in intrajugular catheter insertions, endotracheal intubations, and patients on ventilators as well as prepared and hung IV infusions according to hospital records and procedures
- Cared for patients critically ill in at least one bodily system by admitting and transferring patients, collecting specimens for testing, interpreting cardiac rhythms, and managing medications
- Effectively communicated with other specialists to provide appropriate care for patients

**Chronic Illness**, 192 hours, Complex Continuing Care Unit, PRHC, Peterborough ON Jan. – Apr. 2021

- Developed advanced skills in medication administration, head-to-toe assessments, wound care, dis-impaction, oxygen management, and basic care such as AM/HS care, toileting, and bathing
- Executed nursing skills under guidance of clinical instructor and provided appropriate nursing interventions with minimal supervision by applying critical thinking and theoretical knowledge
- Cared for patients with varied health concerns including debilitating and progressive diseases

**Acute Care**, 192 hours, Cardiology Unit, PRHC, Peterborough ON Sep. – Dec. 2020

- Obtained practical experience with NG tubes, IVs, ostomy care, PCA pumps, and Vac dressings
- Assessed symptoms, treatment responses, and coping patterns to provide therapeutic care
- Performed daily vitals and assessments, observed cardiac catheterization, worked with enteral feeding systems, patients on isolation precautions, and with infection control practices

**Mental Health**, 144 hours, Inpatient Mental Health Unit, PRHC, Peterborough ON May – Jul. 2020

- Practiced charting, performed vitals, conducted rounds, and observed nurses during care
- Conversed with patients and staff to develop effective and detailed patient care plans

**Community**, 192 hours, St. Peter's Catholic Secondary School, Peterborough ON Jan. – Apr. 2020

- Established, managed, and evaluated a community program addressing inequities in the secondary school's environment by implementing quality improvement through collaboration

**Long-Term Care**, 72 hours, St. Joseph's at Fleming, Peterborough ON Jan. – Apr. 2019

- Provided support for clients having physical and cognitive impairments with bathing, toileting, feeding, and morning and evening care while ensuring patient safety in daily living activities

## OTHER WORK EXPERIENCE

---

**Personal Support Worker**, Fairhaven Long-Term Care Home, Peterborough ON Summer 2020, 2021

- Ensured daily care needs of residents with various health concerns and independence levels
- Followed care plans and improved resident satisfaction by consulting patients, family, and staff
- Accompanied and transported residents to appointments at other healthcare facilities

**Camp Counsellor**, Camp Fun, Brantford ON Summer 2018, 2019

- Developed and lead programming and activities for youth aged 10-14
- Responded to first aid situations immediately and in a professional manner

## VOLUNTEER EXPERIENCE

---

**Hospital Volunteer**, Peterborough Regional Health Centre Aug. 2019 – Sep. 2021

- Aided in basic administrative duties such as filing, placing phone calls, and responding to emails
- Directed patients and visitors to the appropriate units in the hospital

**Pre-Medical Society Publicity Officer**, Trent University May 2019 – May 2020

- Communicated society events and campaigns through posters, social media, and email
- Worked in a team environment to support common goals and promote collective success

**Pre-Medical Society Vice President**, Trent University May 2019 – Apr. 2020

- Managed a team of volunteers to facilitate student programming and community events
- Resolved conflict between society members to maintain strong teamwork and communication
